So, Where are we at???

- Many meetings with Town Staff and Jumpstart
- Written agreement now vetted with Legal and Insurance from both the Township as well as Canadian Tire; final sign-offs required
- Land has been secured
- Tenders for sight prep have been sent out and returned
- We are all set to build in late Spring

....and the big question...how do we pay for this???

- Township of Uxbridge Responsible for preparation of site to include paving – Maximum of \$140,000 (already in 2021 Budget)
- Jumpstart will pay up to \$500,000 for supplying and installing the facility
- Of the \$500,000 Jumpstart wishes to recognize local Uxbridge resident and Canadian Tire Associate Dealer, Patrick Higgins, who has contributed a financial gift of \$100,000 to Jumpstart for the purposes of facilitating this Project

We are in the final stages

- Seeking approval today to finalize agreement
- We need to collectively sign the agreement
- Start the build in early May
- Plan for a Grand opening in Early summer in conjunction with Jumpstart
